WalkWise Overview: HWW has never been to this delightful centre 19th Century country house, beautiful reception rooms, excellent meals, even a boot drying room and a whole host of magnificent walking to boot too. Its aspect is such that it enjoys stunning views from its extensive grounds overlooking the wonderful Yorkshire Dales. WalkWise have tailored a programme to suit both the harder and easier walkers alike and will cover some of the most beautiful and varied walking the Dales has to offer. The days will be centred on the picturesque valley known as Malhamdale and flanked by the dale's legends of Pen y ghent to the west and Whernside to the east; it's sure to be a treat!

The WalkWise Walking Programme: This attractive landscape encapsulates the very essence of the dales. The lovely villages and exquisite hamlets are woven into the very fabric of the dales; with fine bridges, legendary dry-stone walls and limestone pavements providing the sequins that make it sparkle. Then there are the shimmering waters, gorges and fosses which reflect the ever-changing moods and weather explaining the lure walkers have to visit this rich Dales tapestry.

With the delights of Great Whernside who claims the title of the 'Monarch of Wharfedale' Meanwhile Whilst below the valley is filled with myths and legends in the 'Gill of the Trolls'. The Mid-Wharf around Burnsall is a limestone lovers' paradise with frowning crags overlooking the broad and lush Wharfedale. There are meadows full of blooming lime-loving flowers, limestone pavements, escarpments, scars, outcrops and gorges. This walk is full of variety as we begin beside the peaceful waters of the Wharf, there is time to visit picturesque villages like Skyreholme, learn of the folklore of Trollers Gill and Hell hole, afore wandering over the open fells and drinking in the delightful views of this enchanting valley and the surrounding countryside.

Alternatively we may head out the other way and explore the wonders around the mighty Pen y ghent today. Here we may explore the Ribble Way and enjoy the river before some tremendous scenery. Or we may head over to Settle and the magnificent area to its east above the expansive River Ribble we shall ascend immediately an escarpment providing maximum reward for effort with great views back across Settle and over to Giggleswick. Keeping our height from the plateau we criss-cross scars, wander through ancient settlements, past nearby caves that housed ancient prehistoric animals and along beautiful ways we will truly enjoy the mixture of open moors, fine lanes and well maintained plantations all the way back to Settle.

Our final walking day will take in all the splendor of Malhamdale itself. To enable us to leave earlier we may take our cars a very short way up the valley. Today we have the delights of Goredale Scar & Malham Tarn and Cove. Beginning at the Cathedral of the Dales, our route allows a gentle warm up as we follow the meandering stream to Malham and the waterfall home of the queen of the fairies at Janet's Foss. A path then leads around to Goredale Scar, a wonderful waterfall enclosed

by huge limestone cliffs. If it is not too wet, we will scramble up the force and onto the limestone pavements, clints and grikes! A short stroll over the moor brings us to the lovely Malham Tarn and into Malham cove before we return to the start. It's now a lovely relaxing walk back through the valley and there may even be time for a tea shop!

WalkWise UK will provide a professional and knowledgeable walking guide for the weekend. The days walks are planned to be full day walks of up to 12 miles, and as usual we will have the option to curtail the walk at regular intervals creating a flexible program that can be altered to suit your needs. As usual we have more choices than we can fit into the 3-day weekend break and the final choice of walks will be weather dependent.
